Costs:

In this year we can offer a lower price than usual because we are still profiting from the state subsidies concerning the corona crisis. Next year this will not be possible anymore so there will probably be a much higher price for the Winter Camp 2023.

If there are some of you who are able to pay more than the usual price it would be very nice if you could do so. This gives others who cannot afford the usual price the opportunity to join the camp nonetheless.

If you have problems affording the price given, you can contact us – we will find a solution!
